

Bata

Boot/Shoe Covers

Double Your Protection and Increase Visibility

Now, **Bata** provides two ways to protect boots and shoes against a variety of harmful materials. Made in bright yellow for safety in the field as well as for quick visible breakthrough checks.

12" LATEX "HAZMAT" BOOT COVER

Made of .70mm latex rubber, our durable, stretchable HazMat boot cover offers protection from a broad range of materials, both hazardous and nonhazardous. These seamless, waterproof covers are designed to provide a snug fit over existing footwear for an added layer of chemical and wear protection. The ribbed and textured sole provides safe, dependable traction on a variety of slippery surfaces. High visibility yellow color provides safety in the field.

Bata's HazMat boot covers are strong enough to be worn many times, yet economical enough to be disposed of after a single use.

Sizes: L & XL, Yellow
97591 - 12" Latex Boot Cover

15" PVC BOOT/SHOE COVER

These PVC boot/shoe covers are made with a strong .20mm PVC upper, heat-welded to a hard, embossed .50mm PVC sole which is designed for superior slip resistance. Completely waterproof, these covers add life to existing protective footwear by protecting them from mud, sludge, chemicals, wear and all the other "enemies" of boots and shoes. **Bata's** PVC boot/shoe covers are equipped with an elastic top allowing for easy pullover comfort and a secure snug fit.

Sizes: M, L & XL, Yellow
97590 - 15" PVC Boot/Shoe Covers

When ordering:

	M	L	XL
97590	6-8	9-11	12-14
